IIFT Kakinada
Indian Institute of Foreign Trade

ACADEMIC PROFILE

Course & Specialisation	Institute	Year
BBA (Business Analytics) , Operations, Corporate Strategy & Data Systems	Indian Institute of Foreign Trade (IIFT), Kakinada	**2026-2029**
Class XIIth (CBSE)	Dr. Virendra Swarup Education Center	**2026**
Class Xth (CBSE)	Dr. Virendra Swarup Education Center	**2024**

WORK EXPERIENCE & CONSULTING

180 Degrees Consulting IIFT Kakinada Chapter	**Junior Consultant , Strategy & Operations**	**2026-Present**

- Conducting structured consulting engagements focused on operational diagnostics, market feasibility, and business unit economics.
- Writing custom Python scripts to scrape market data, clean datasets, and speed up client research workflows.

ExcelAit Pvt. Ltd.	**Operations & Product Intern**	**2025-2026**

- Built Python prototypes to automatically scale question difficulty and process content, reducing manual task time by **40%**.
- Maintained partner outreach tracking sheets and milestone trackers across institutional collaborations.

Premiere WorX	**Workflow & Operations Lead**	**2024-2025**

- Managed project turnaround schedules and delivery checks across 14 international video editing deliverables with a team of 4.

DATA SYSTEMS & OPEN SOURCE PROJECTS

Open-Source Developer github.com/amsach	**Systems & Data Engineering (Python | C++ | SQL)**	**2024-Present**

- **Decision Analytics Engine (Causal Econometrics & ML):** Engineered an enterprise decision architecture (**github.com/amsach/decision-analytics-engine**) deploying Double/Debiased ML (DML) for causal price elasticity, Level-k / QRE game-theoretic pricing, and spectral hypergraph attribution on 50,000+ transactions.
- **MAPLE (LLM MoE Pruning):** Engineered an open-source MoE pruning engine (**github.com/amsach/maple**; 30+ stars, 300+ HuggingFace downloads in 24h) compressing Gemma 4 26B-A4B from 9.92 GB to 4.75 GB (1.48 BPW); unlocked 100% in-VRAM execution on 6GB GPUs at 45.4 tokens/sec.
- **Upstream Contributions:** Authored and merged pull requests directly into **tensorflow/tensorflow** and **microsoft/vscode**.
- **ChronoSeries & Latency-Engine:** Built an in-memory columnar time-series storage engine with delta/RLE compression, and async Python/C++ pipeline monitoring order book price feeds.

STRATEGIC CASE COMPETITIONS & PROBLEM SOLVING

National Business Finals	**Podium Finishes & National Finalist (IIM-B, IIM-I & IIT-D)**	**2026-Present**

- **IIM Indore Enigma Finalist:** Formulated business models, revenue projections, and operational rollout roadmaps under tight case timelines.
- **IIM Bangalore Founder's Dilemma Finalist:** Modeled venture trade-offs, unit economics (CAC, LTV, Payback), and market expansion strategies.
- **IIM Bangalore Crown Jewel Finalist:** Analyzed corporate cost structures, balance sheet health, and downside financial risk.
- **IIT Delhi Stratagize Finalist:** Built supply chain distribution and channel logistics models under realistic operational constraints.

POSITIONS OF RESPONSIBILITY & COMPETITIONS

IIFT Kakinada Batch Administration & Affairs	**Junior Travel & Logistics Coordinator**	**2026-Present**

- Manage travel schedules, vendor bus booking, and seat allocation for 60+ batch students across institutional visits.
- Coordinate directly between students, faculty coordinators, and transit operators to handle timings and on-ground logistics.

Independent Robotics Team	**Team Leader & Hardware Head**	**2023-Present**

- Led team across 20+ hackathons; managed parts inventory, component costs, and hardware builds under fixed deadlines.
- **IIM Indore Epinoia Hackathon Finalist; IIT Bombay Techfest Runner-up; IIT Kanpur Techkriti Second Runner-up**.
- Recognized as **India Innovates 2026 Finalist** and **ISRO Bharatiya Antariksh Hackathon Top-50** national finalist.

Virendra Swarup Education Center	**Head Boy | House Captain | Prefect**	**2023-2026**

- **Head Boy (2025-26):** Managed prefect council, school assemblies, and student-faculty communication.
- **House Captain (2024-25):** Led house of 150+ students across sports and inter-school academic competitions.
- **Prefect (2023-24):** Coordinated daily assemblies, student discipline, and peer guidance programs.

TECHNICAL SKILLS, ATHLETICS & BACKGROUND

Languages & Databases: Python (Pandas, NumPy, Scikit-learn), C++, SQL (PostgreSQL, SQLite), Advanced Excel (VLOOKUP, Pivot Tables, Solver), Git.

Data & Systems Work: Data cleaning, time-series analysis, web scraping, custom scripts, hardware prototyping (built 6x6 ground rover and document scanner).

Endurance & Athletics: **Daudo Bharat 10km Semi-Marathon Silver Medalist** (52 mins), High-altitude Trekking & Long-distance Running.

Public Speaking & MUNs: 17 Model United Nations conferences (**8 Best Delegate awards**); Finalist at Indian Startup School & Tetr School of Business.
